

Galena Area Airports and Shuttles

There are cities with regional airports that are closer than O'Hare however O'Hare is the largest. It is easy to get to the resort from any of the airports below. You can find transportation to Eagle Ridge from any airport. If you have attendees that are coming in around the same time or even on the same flights, it might be easiest to coordinate a limo/town car transfer or even rent a car.

- **Airport access:** here is the distance & average times from the airports:
 - Dubuque Regional Airport: 29 miles / 35 minute
 - Quad City Intl Airport (Moline): 100 miles / 1 ½ hours
 - Rockford: 77 miles / 1 hr 20 minutes
 - O'Hare: 145 miles / 2 hrs 15 minutes
 - Eastern Iowa Airport (Cedar Rapids): 96 miles / 1 hr 35 minutes
 - Some general information on this airport I found indicates it is served almost entirely by regional jets with (5) airlines offering non-stop flights to approximately 11 cities.
 - In terms of lift access & number of flight options daily, you will probably have better options using the Quad City Airport (about same time/distance).

- **Shuttle Information:** The following companies provide transportation in the area and E also have shuttles available. Shuttle service within the Galena Territory is complimentary and additional shuttles are \$100-150 roundtrip depending on the size of the shuttle.
