

Hands & Voices Online Learning Module for Parents of Transition Age Teens

<http://handsandvoices.org/hvcourses>

**Instructions to join:**

1. Go to <http://handsandvoices.org/hvcourses> - See message at the bottom of the page
2. Click log in at the top right or bottom center of the home page
3. On log in page – Click Create New Account and complete your information
4. An email will be sent to you containing instructions to complete registration
5. Click the course link in the confirmation email and then click on Courses
6. Click course title
7. At the bottom of the page you will see JOIN OUR TRANSITION COURSE
  - Enrollment key is: hvtransition
8. Click enroll me

You are welcome to work through the course start to finish or pick topics and activities that you and your transition age teen are interested in. Each topic has activities, readings, resources, and links included. There is also an evaluation at the end of each topic. We would really appreciate you completing the evaluations so that we can get your feedback and know what worked for you and what may need to be improved.

**Additional tips:**

1. There is a checkbox to the right of each activity. Once you've completed an activity, you can manually check this box to keep track of what you've completed.
2. This course was designed to be completed jointly by the parents and their teen. You are also welcome to share this information with your teen's school personnel and they too can do some of the activities with your teen.
3. Many of the activities offer you an opportunity to have a "product" at the end. Plan to store your finished work so that your teen will have them to use in their future.

Thank you for your interest in our Transition Module! We look forward to hearing your feedback. Please contact [parentadvocate@handsandvoices.org](mailto:parentadvocate@handsandvoices.org) with any feedback or questions.
