Parent Tip Sheets
Language, Literacy & Social Emotional Development

Below are eight different Parent Tip Sheets created for parents and caretakers of children who are deaf or hard of hearing (D/HH) to use with the support of an Early Intervention provider with experience working with children who are D/HH. Each Tip Sheet briefly describes the developmental process of infants and toddlers post-identified hearing condition for cognitive, social, emotional, language (semantics, syntax-morphology, pragmatics, phonology—auditory and visual), pre-literacy and literacy development. These Tip Sheets provide suggestions for parents and caretakers, for fun, everyday activities to enhance their baby’s development in these aspects! Hang these up on the refrigerator and pick an activity or two to include in your baby’s daily routine or when you are out and about exploring the world.

Find them here: https://www.handsandvoices.org/fl3/topics/tipsheets.html

*For maximum benefit, share these with your Early Intervention providers/parent to parent support providers who have experience with children who are deaf or hard of hearing and discuss ideas on how to implement these tips with your child. https://handsandvoices.org/fl3/topics/tipsheets.html
