

**Are you a teacher in  
Early Childhood  
Education programs  
for Deaf or Hard-of-  
Hearing children?**

## Overview

Researchers from the University of Rochester are developing new technologies that enrich sign language environments for Deaf or Hard-of-Hearing (DHH) children. We need help to understand needs, challenges, and technology preferences of parent-child interaction in early childhood at home.

### Who are we looking for?

- ▶ Teachers who work in Early Childhood Education programs for DHH children
- ▶ Teach DHH children between 6 months to 5 years old
- ▶ 18 years or older

### How to take part?

- ▶ Enter the survey via the link  
**<https://tinyurl.com/asl-exp-0>**

Or

- ▶ Scan QR Code

### What you will do?

- ▶ Fill out an online survey (~30min)
- ▶ Earn **\$20** (first 100 participants) or a chance to win a **\$50** raffle
