

**Are you a parent
with Deaf or Hard-
of-Hearing
children 6 months
to 5 years old?**

Overview

Researchers from the University of Rochester are developing new technologies that enrich sign language environments for Deaf or Hard-of-Hearing (DHH) children. We need help to understand needs, challenges, and technology preferences of parent-child interaction in early childhood at home.

Who are we looking for?

- ▶ Hearing & DHH parents and guardians
- ▶ With DHH child between 6 months to 5 years old
- ▶ 18 years or older

How to take part?

- ▶ Enter the survey via the link
<https://tinyurl.com/asl-exp-0>

Or

- ▶ Scan QR Code

What you will do?

- ▶ Fill out an online survey (~30min)
- ▶ Earn **\$20** (first 100 participants) or a chance to win a **\$50** raffle
